

## CHARACTER PROFILE

### About this resource

This can help learners understand inference by considering a chosen character in more detail. It could serve as an introduction to looking at the feelings of a character and how that might affect the action or the plot. This is a worksheet that all learners can fill out and the suggested text can be amended to suit the cohort or chosen text. It would also support reading at home.

What do they look like?

fat thin  
old young  
tall short  
male female

happy sad  
angry calm  
kind mean  
funny silly  
clever serious

What are they like?

What is the character's name?

Can you draw them?

What happens next?

Next,

Then,

Finally
